**WARNING:** This product can expose you to chemicals, including styrene, that are known to the State of California to cause cancer. For more information, go to “www.P65Warnings.ca.gov.”

**WARNING:** Follow all federal, state and local laws governing the installation of this product and its associated systems. When no other regulations apply, follow NFPA codes 30, 30A and 70 from the National Fire Protection Association. Failure to follow these codes could result in severe injury, death, serious property damage and/or environmental contamination.

**WARNING:** Always secure the work area from moving vehicles. To help eliminate unsafe conditions, secure the area by using a service truck to block access to the work environment, or by using any other reasonable means available to ensure the safety of service personnel.

**WARNING:** This equipment is used with tanks containing gasoline or other flammable substances. Follow Petroleum Equipment Institute “Recommended Practices for Installation of Underground Liquid Storage Systems” (PEI / RP100). Failure to follow these practices could result in severe injury, death, serious property damage and/or environmental contamination.

FLEX-ING Manholes and Composite Lids are available in sizes of 8, 12, 20, 24, 38, and 48” diameter. When installing the manholes, make certain that the concrete slopes away from the cover as shown.
