

UPP® PART NUMBERS IDENTIFIED

To make ordering easier, use this part number key to help you identify and order the appropriate UPP® pipework equipment for your site. Part numbers are organized by product type as the first indicator, pipe diameter as the second indicator, and any special features to be the final indicator. Please consult a Franklin Fueling Systems representative for confirmation of orderable parts and lead times.

Product Type		Pipe Diameter		Special Features	
Indicator	Description	Indicator	Description	Indicator	Description
000-	Secondary Pipe and Duct	-50-	50 mm	-BC	Bridging Cable
001-	Primary Pipe	-063-	63 mm	-BSPT	BSPT Thread
02-	Electrofusion Couplers	-075-	75 mm	-EIF	Electrofusion
03-	90° Elbow Fitting	-090-	90 mm	-L	Long
04-	45° Elbow Fitting	-110-	110 mm	-NPT	NPT Thread
05-	Flange Stubs	-125-	125 mm	-PC	Primary Cable
06-	Circular Flanges			-PSE	Secondary Pipe
07-	Flange Gaskets			-QL	Quick Release
08-	Tee Fittings			-SC	Secondary Cable
09-	Reducer			-SS	Stainless Steel
10-	End Caps			-TP	Test Port
11-	Compression Fittings			-UF	Union
49-	Electrofusion Secondary Reducers			-VE	Single Wall Vent/Vapor Recovery Pipe
90-	Transition Fittings				
91-	Transition Fitting (Male)				
92-	Transition Fitting (Female)				
3XX-	Electrofusion Entry Seal				
EF1-	Welders				
FEB-	Fiberglass Entry Seal				
G3-	Gemini 90° Elbow Fitting				
G4-	Gemini 45° Elbow Fitting & In-Line joint				
G8-	Gemini Tees				
PS-	Rubber Entry Seals				

Part number examples with explanation:

001-063-050-028PSE = 1½" double wall pipe in 28' stick

001-075-063-165PSE = 2" double wall pipe in a 165' coil

001-063-019VE = 2" single wall pipe in a 19' vent stick

09-090-063-EIF = Electrofusion Reducer for 2" pipe

09-090-063-L-U = Plain Reducer for 3" x 2" pipe and long

02-063-U = Electrofusion Coupler for 2" pipe in the UL market

02-063-L-U = 2" long coupler for UL market

02-75SC-U = Electrofusion Secondary Coupler for 2" double wall pipe using FEB-075-M entry fittings

08-090-EIF-U = Electrofusion Tee Fitting for 3" pipe

08-090-L-U = Plain long Tee Fitting for 3" primary pipe
